Fiber X-series Laser Marker

Static Laser Marker

- 20W Brand-Name Laser Source
- Dual-Focus Red Indicating Laser Head
- Preview Laser beam
- Suitable for: Electronics, hardware tools, car parts, etc
- Ideal for: Static marking (patterns, logos) and codes (1D/2D barcodes), etc

Model	FI-XMC-S-20	FI-NMC-TL-S-20	FI-MM-UMC4L-S-20
Control Card	XMC laser control card	NMC-TL laser marking controller	UMC4L laser control card
Software	QMark laser marking software		MarkingMate laser marking software
Usage	Compatible with Computer via USB	1. Directly use with Touchscreen 2. Compatible with Monitor, keyboard & mouse	Compatible with Computer via USB
	\$1,090 ※No Computer	\$1,320	\$1,780 ※No Computer

Flying Laser Marker

- 30W Brand-Name Laser Source
- NMC-TL / NMC-T Embedded laser controller
- High-Speed Laser Head (8000mm/s)
- Preview Laser beam
- Suitable for: Electronics, hardware tools, car parts, etc
- Ideal for: High-speed marking of dates and barcodes on production line

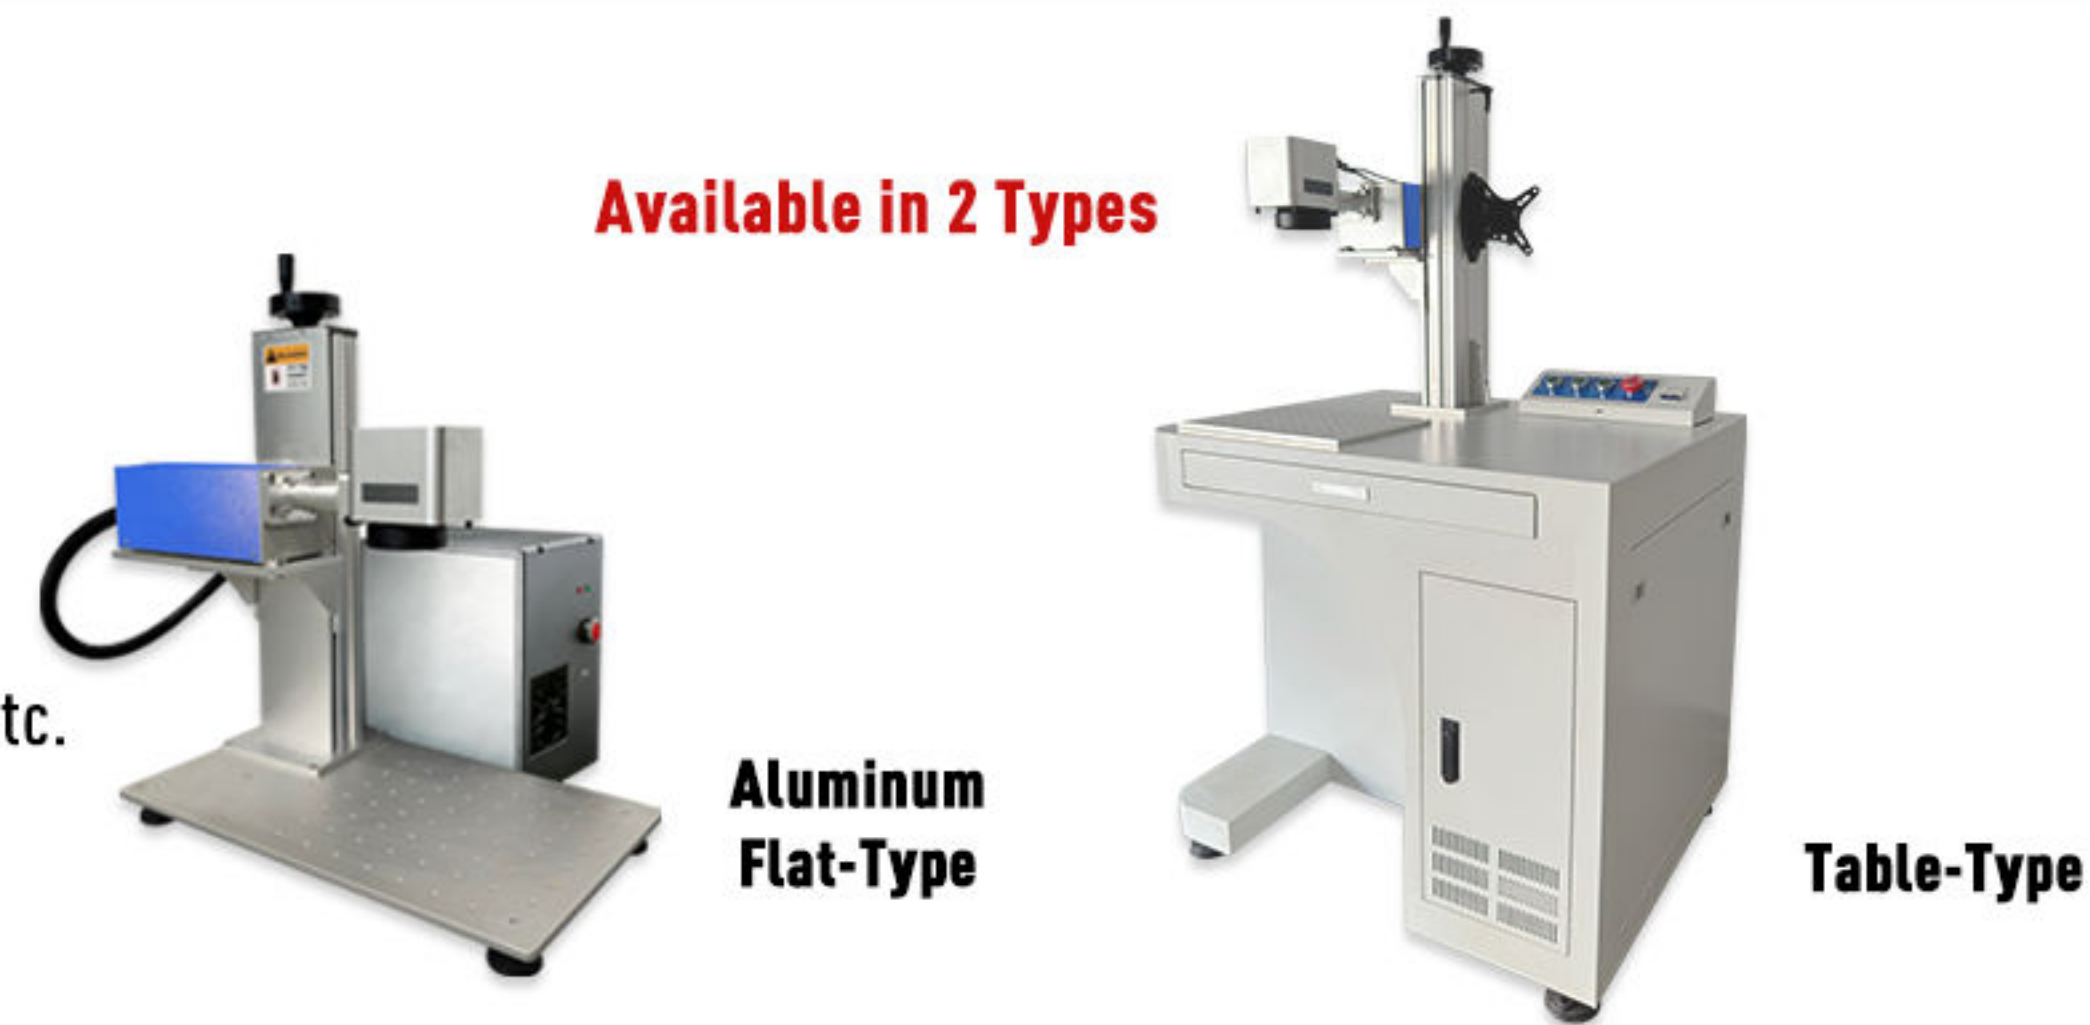

Type	X-series Flying Laser Marker	High-Speed Professional Flying Laser Marker A Complete Solution for All Flying Marking Tasks
	For basic flying marking	<ul style="list-style-type: none"> - Automatic Cycle Marking - Large Character Fly Marking - Precie Position Fly Marking - High-Speed Dynamic barcode Marking - Pipeline Control - Content Edit when marking - Continuous Pattern Fly Marking - Miss-mark Detection - Cable Fly Marking
Model	FI-NMC-TL-F-30	FI-NMC-T-F-30
Mark Control	NMC-TL laser marking controller	NMC-T laser marking controller
Usage	1. Directly use with Touchscreen 2. Compatible with Monitor, keyboard & mouse	1. Directly use with Touchscreen 2. Compatible with Monitor, keyboard & mouse
	\$2,500 ※No Touchscreen	\$3,100 ※No Touchscreen

UV X-series Laser Marker

Static Laser Marker

- 5W Brand-Name Laser Source
- Dual-Focus Red Indicating Laser Head
- Preview Laser beam
- Suitable for: Glass, jade, PCBs, food & medical package, etc.
- Ideal for: Static marking (patterns, logos) and codes (1D/2D barcodes),etc

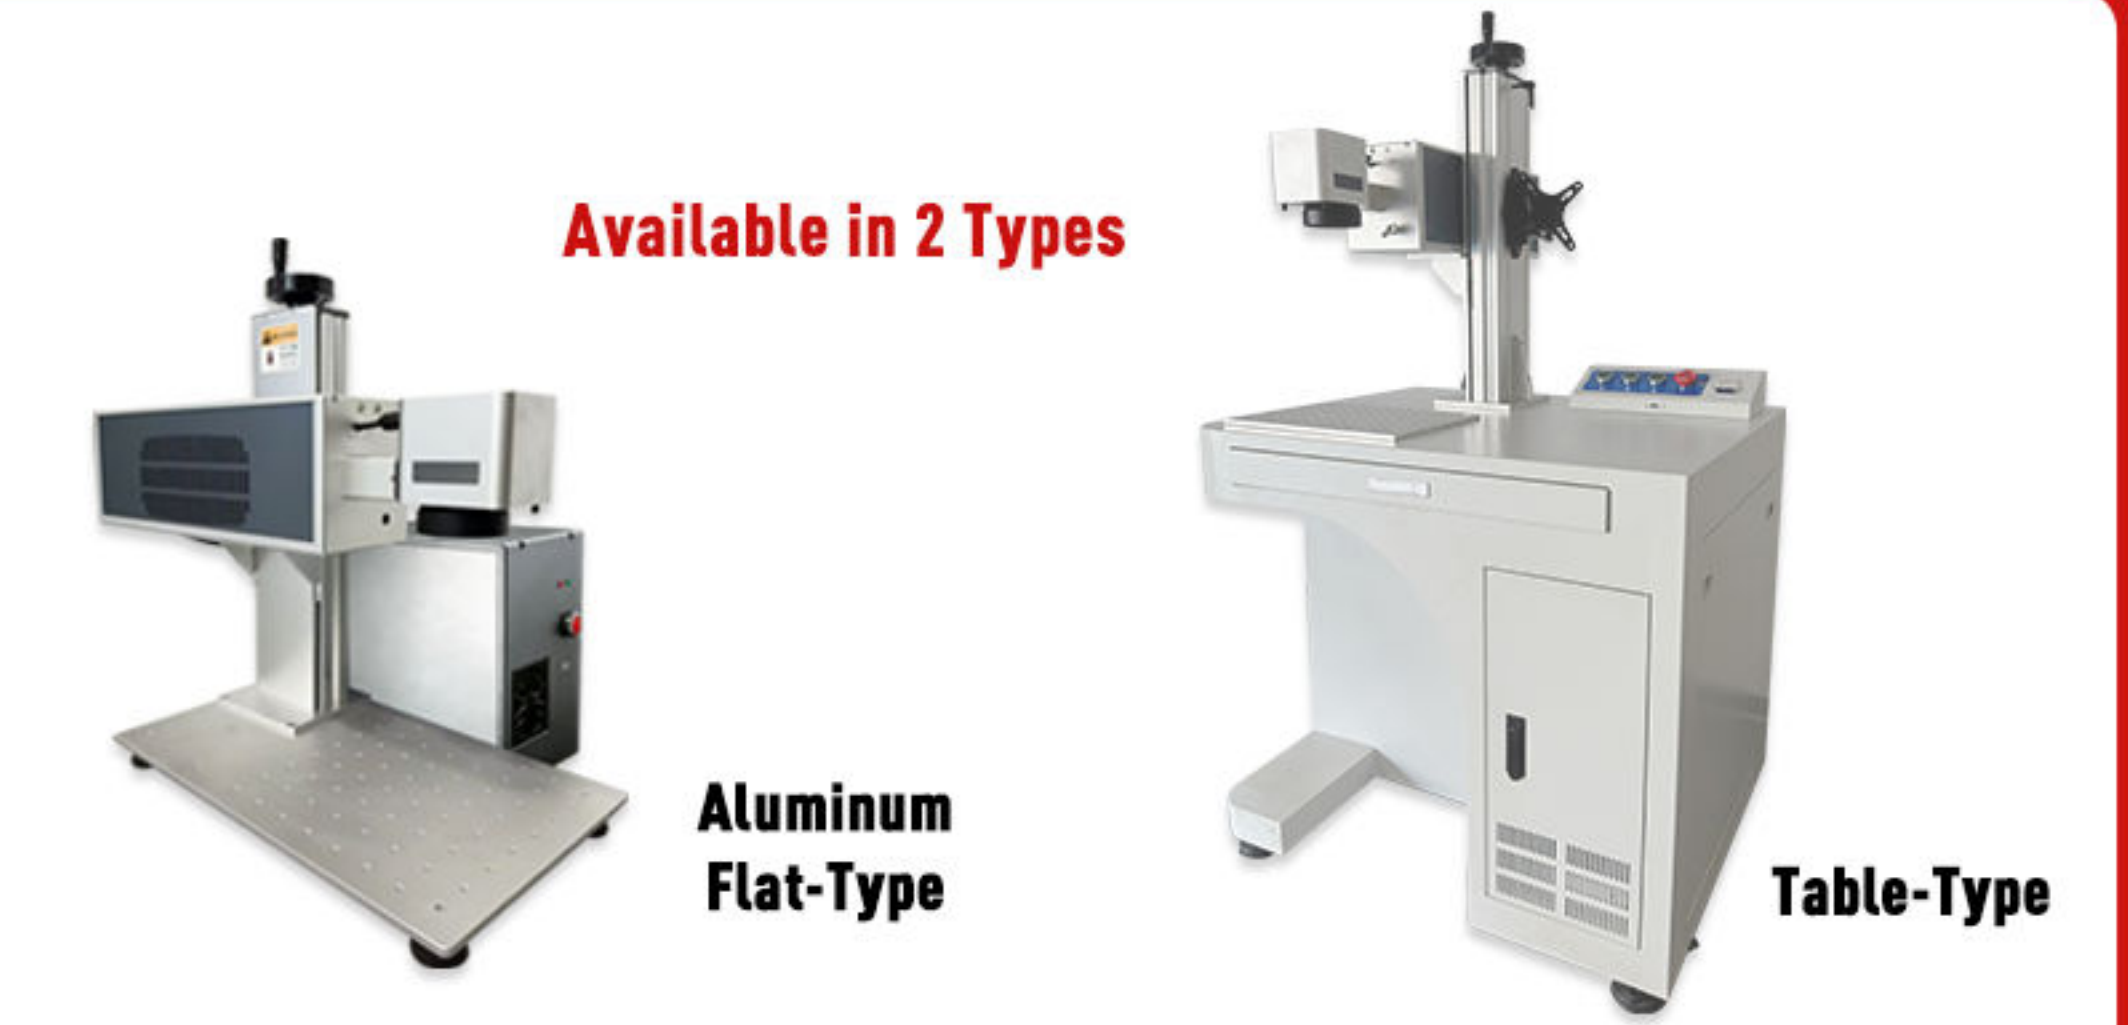

Model	UV-XMC-S-5	UV-NMC-TL-S-5	UV-MM-UMC4L-S-5
Control Card	XMC laser control card	NMC-TL laser marking controller	UMC4L laser control card
Software	QMark laser marking software		MarkingMate laser marking software
Usage	Compatible with Computer via USB	1. Directly use with Touchscreen 2. Compatible with Monitor, keyboard & mouse	Compatible with Computer via USB
	\$2,050 ※No Computer	\$2,380	\$2,700 ※No Computer

CO2 X-series Laser Marker

Static Laser Marker

- 30W Brand-Name Laser Source
- Dual-Focus Red Indicating Laser Head
- Preview Laser beam
- Suitable for: Bamboo, wood, paper, fabric, leather, etc.
- Ideal for: Static marking (patterns, logos) and codes (1D/2D barcodes),etc

Model	CO-XMC-S-30	CO-NMC-TL-S-30	CO-MM-UMC4L-S-30
